---

How strong are your topic preferences?

- ☐ I am willing to work on any topic
  - ☐ I have a slight preference for one of the areas I list below
  - ☐ I have a strong preference for one of the areas I list below
  - ☐ I already have a specific project question that I want to work on
- 

Share your topic area interests here

*Suggestions from the class: infectious disease, spread of political ideas, inequality in society, game theory, modeling narrative structure (literature / media), biology, education, leopard spots or other patterns, economics,...*

---

Team formation

- ☐ I would like to form my own team (due by 5pm on Monday: send me a private message on Piazza)
  - ☐ I am open to being assigned to work with anyone in the course
  - ☐ I have some preferences about who I will work with that I would like you to take into account
- 

Identify two strengths that you see yourself bringing to your project team.

*These might be your understanding of course material, your organizational skills, your communication skills, your Mathematica skills, your background knowledge in a subject area, or anything else you see as valuable.*
